The General Terms and Conditions of the KNMvD, filed with the Rechtbank Midden Nederland under number 22/2008, version 2018, apply to all investigations. Investigations that cannot be performed by the laboratory are outsourced. The results that fall under Dutch statutory or public law regulations are (automatically) passed on to the relevant authorities, if there is an obligation to do so. If deviations are found in the sample material supplied, the desired investigation will be carried out, but the deviations will be noted on the result. By signing this form, the submitter/client declares to agree to the terms and conditions as stated in the text of this disclaimer.
